Dear Mr Groom:

Please pardon my delay in answering your letter, but I have been out of town for the most part.

In your letter you asked about the possibility of The Eagles playing in Middletown. I assume you mean Middletown N.Y. I would also like to know if there is a local team there that you are asking me to play. What guarantee would you offer me to bring The Eagles there?

There was really very little information in your letter, but if you care to write again I will be glad to hear from you. We very often have off days during our baseball season, and sometime can stop on our way some place or back.

Thank you for writing me. I will be looking to hear from you again.

Very Truly Yours
